[1] Respondents reported "Yes" when asked "Are you limited in any way in any activities because of physical, mental or emotional problems, AND limitation was caused by a "fracture/bone/joint injury."

[2] A bed day is defined as 1/2 or more days in bed due to injury or illness in past 12 months, excluding hospitalization.

[3] A missed work day is defined as absence from work due to illness or injury in the past 12 months, excluding maternity or family leave.
